The following, issued by the Purchasing Section shall form part of the noted document. The revisions and additions noted herein along with any attachments shall be read in conjunction with all other related documents. This Addendum shall, take precedence over the previously issued documents where differences occur.

The following question was received to clarify the scope of work of the captioned RFQ:

There are multiple areas where the rust on the rebar is removed and the rebar is to be treated, but I'm wondering where it says the pool shell is to be completely prepared (acid & power washed, then re-grouted with a polymer – modified product) If the entire pool shell is to be acid & power washed and re-grouted or only those areas which are damaged?

Response:

The entire pool shell is to be completely prepared and re-grouted.

Receipt of this addendum should be acknowledged on the bid form and returned with your submission.

Respectfully,
