General

Privacy and Protection of Personal Information

Approved by Council on: February 14, 2023

Report Number: CL-01-23

Effective: February 15, 2023

Reviewed on: March 2019, November 2022

Amended:

Next Review: February 2025

Note: This policy replaced the February 2017 Protection of Privacy and Confidentiality of Information corporate policy.

The purpose of the Privacy and Protection of Personal Information policy is to maintain privacy of personal information as a public service throughout the information lifecycle of collection, use, retention, disclosure and disposition.

Policy Statement:

The City of Burlington will protect the privacy and confidentiality of information in accordance with privacy by design principles, city's obligations under city policies, the *Municipal Act* and the *Municipal Freedom of Information and Protection of Privacy Act* (MFIPPA), by ensuring appropriate treatment on how the information is collected, retained, used, disclosed and disposed.

All Staff, Volunteer and Council Responsibilities:

- 1) Maintaining the protection of personal information they collect, retain, use, disclose and dispose of for city business in all work environments and locations where City business is conducted. Personal information must be secured and protected however it is recorded or delivered, including but not limited to:
 - a. Saving digital files in properly secured folders and returning physical files to the appropriately secured records storage area when not in use

Corporate Policy

- b. Limit collection of personal information to what is authorized and necessary to conduct City services or business
 - c. Using personal information for its intended purpose of collection
 - d. Refrain from collecting personal health information unless it is explicitly required in your specific role
 - e. Sharing personal information is completed by secured means only accessible to those who are permitted to use it
 - f. Sharing personal or confidential physical information is appropriately labelled by the sender and only opened by the named recipient
 - g. Securely destroying all forms of personal information once eligible in accordance with records retention schedules
 - h. Limiting copying personal information to only when necessary to complete business
 - i. Clearing and keeping clean a hotelling station, front counter, printer tray or desk after individual use
 - j. Conducting business in a location where using or discussing personal information can be kept private
 - k. Preventing access to personal information stored on City servers and devices by locking screens and closing digital files when not in use
 - l. Providing options to conduct in-person conversations with the public that may be considered private to areas that cannot be overheard by others, or refraining from discussing client's personal information in the presence of others
 - m. Securely transporting confidential information and keeping City-owned personal information on City-owned property or devices
 - n. Disclose personal information in accordance with legislative requirements outlined in [MFIPPA section 32](#), including disclosure of personal information considerations when authoring publications such as newsletters, staff reports and other materials included on open session agendas or information packages
- 2) Reporting to the Office of the City Clerk through their Department Head of a known privacy breach arising from unauthorized, inadvertent collection, use or disclosure; or if missing personal information is probable to be considered lost or stolen.
- 3) Attending Privacy training for council, all city staff and volunteers that have access to personal information.

Corporate Policy

Department Responsibilities:

- 1) Ensuring that information protection requirements are embedded in the design of all city programs, processes, projects and technology for personal information.
- 2) Maintaining legislatively required notice of collection statements at all points of personal information collection how and why personal information is collected, used and disclosed, under what authority, and provide contact information for questions.
- 3) Initiating the completion of a Privacy Impact Assessment before implementing new or significantly changing of any program or system that requires the collection, use, or disclosure of personal information.
- 4) Tracking the Department's personal information and ensuring that it's kept capable of being retrieved using an individual's name or an identifying number or particular assigned to the individual and annually report any changes to the Office of the City Clerk for inclusion into the Personal Information Bank.
- 5) Implementation of privacy breach notification, containment and remediation efforts in accordance with Office of the City Clerk direction, and reporting back to the Office of the City Clerk once privacy breach response is complete.

Office of the City Clerk Responsibilities:

- 1) Conduct Privacy Impact Assessments and evaluate requirements to ensuring compliance to legislation and corporate policy of personal information kept at the City. In consultation with the Directors/Executive Directors affected, the Office of the City Clerk is authorized to place a "hold" on technology, system, program or service where privacy compliance issues and security concerns raised in the privacy impact assessment. have not been addressed in a manner that are within the tolerance of the City.
- 2) Provide advice and support in developing notice of collection statements to requesting departments.
- 3) Develop, update and provide privacy training, with supplementary guidance for specific programs or system users as required.
- 4) Maintaining the City's Personal Information Bank index through an annual review and update to ensure legislative requirements under [MFIPPA section 34](#) are met.

Corporate Policy

- 5) Receiving and review of reported probable or known privacy breaches at the City, and providing the responsible department with prompt direction to implement notification, containment, remediation and future preventative measures.
- 6) Receiving and review of completed privacy breach response reports from the responsible department, tracking privacy breach totals for annual submission to the Information and Privacy Commissioner and evaluating if the privacy breach should be reported to the IPC.
- 7) Advocate and facilitate integration of the privacy by design foundation principles through maintenance and continual development of this corporate policy, representing privacy considerations in relevant internal committees or working groups, and periodic auditing of the City's privacy measures and program.

Scope:

This policy applies to all city staff, volunteers and members of council.

Objectives:

- Protect the privacy of individuals and confidentiality of personal information.
- Increase trust and confidence in the City of Burlington.
- Ensure compliance with legislation and policies.
- Identify roles and responsibilities for city staff, volunteers and members of council related to the management of personal and confidential information.

Corporate Policy
