

Prospect Street Area Phase Minor Reconstruction, Watermain and Waste Watermain Installation

Project Update – June 2026

Burlington.ca/ProspectRenewal

Further to the Project Update issued in March 2026, a long term road closure has been planned in your neighborhood. The road closure is required to facilitate repair of mainline sanitary sewer, including connections to private residences and final restoration.

The road closure will be conducted in block-by-block segments allowing residents to detour around the active construction. The road will be opened to through traffic at the end of every working shift. The closure is expected to occur from June 15, 2026 through to July 10, 2026.
