

## Notice of Addendum and Public Open House City of Burlington

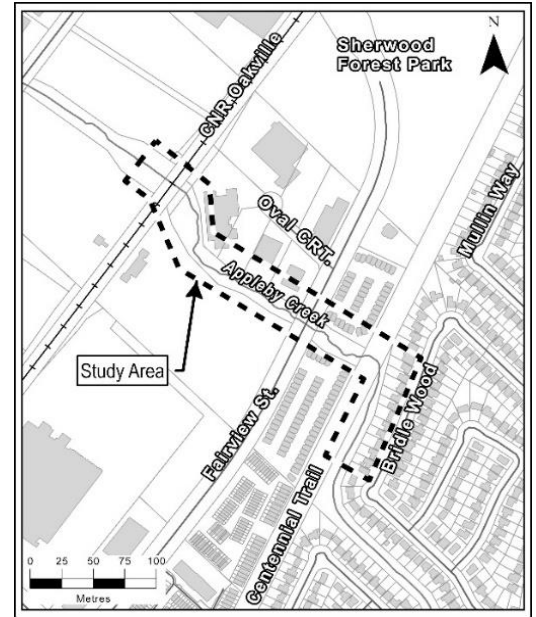

### Municipal Class Environmental Assessment for Appleby Creek Flood Mitigation

#### The Study

The City of Burlington has partnered with Branthaven Homes, represented by R.J. Burnside & Associates Limited, to update the Municipal Class Environmental Assessment (MCEA) for the Appleby Creek Flood Mitigation project between Fairview Street and New Street. Since the original study was completed in 2019, changes in land use and proposed developments near the Fairview Street crossing have necessitated a review.

#### The Process

The Addendum to the 2019 Project File Report is being completed in accordance with the requirements of the MCEA process (Municipal Engineers Association, February 2024) which is an approved process under the *Ontario Environmental Assessment Act*. The Addendum contains the background and technical analysis of the revised hydraulic crossing of Fairview Street. The City is seeking comments on the proposed changes as outlined in the Addendum.

#### Public Open House

A Public Open House is planned to provide information about the project and gather comments from the public. Representatives of the project team will be available to discuss the Addendum and answer questions. The Addendum will be finalized after this Public Open House and will include responses to received comments. An electronic copy of the Addendum will be available for viewing on the City website at [burlington.ca/applebyflood](https://burlington.ca/applebyflood) for public review and comment for a period of 30 days starting July 8 and ending Aug. 6, 2024 in accordance with the requirements of the MCEA process.

## Section 16 Order Request

In addition to general project comments as outlined above, a request to the Minister of the Environment, Conservation and Parks for an order imposing additional conditions or requiring a comprehensive environmental assessment may be made on the grounds that the requested order may prevent, mitigate, or remedy adverse impacts on constitutionally protected Aboriginal and treaty rights. Requests shall be made within the 30-day comment period and should include the full name and contact information of the requester for the ministry. Requests should specify what kind of order is being requested (additional conditions or a comprehensive environmental assessment), explain how an order may prevent, mitigate, or remedy potential adverse impacts, and can include supporting information. The request should be sent by 4:30 p.m. Aug. 6, 2024 to:

Ministry of the Environment,  
Conservation and Parks  
777 Bay Street, 5th Floor  
Toronto, ON M7A 2J3  
Email: [minister.mecp@ontario.ca](mailto:minister.mecp@ontario.ca)

Director, Environmental Assessment Branch
