

Planning Application for 4721 Palladium Way

File: 520-12/17

As you may remember from the previous Notice letter that was mailed in March 2018, the City of Burlington has received an application to rezone the property located at 4721 Palladium Way as shown on the sketch below.

The purpose of this application is to allow for the development of a Place of Worship on the subject lands. In light of all public and technical comments received, the applicant revised the application to provide a higher parking rate, reduce the size of the proposed building and remove the office component at this time. Places of worship are uses permitted in all zones provided that risk levels related to surrounding industrial uses are acceptable. The property is currently zoned BC1-319 which permits employment uses and limited commercial uses.

Burlington City Building staff have reviewed the application along with the comments received from the public and technical agencies to date. Staff will be recommending **approval** of the amendment to the City's Planning and Development Committee of Council.

Public Meeting Information
