

# Notice of Study Completion Municipal Class Environmental Assessment

## West Aldershot Creek Erosion Control City of Burlington

### The Study

The City of Burlington (City) has completed a Municipal Class Environmental Assessment (Class EA) for the implementation of erosion control mitigation measures for West Aldershot Creek between Fairwood Place and Lake Ontario in the City of Burlington. This section of West Aldershot Creek currently suffers from accelerated erosion along the bed and banks of the creek, including severe undercuts resulting in loss of trees and bank material, due to rapid routing of surface runoff and floodwater during storm events.

Based on the evaluation of alternative solutions and input from stakeholders and the public during the Public Information Centre (PIC), the preferred solution for West Aldershot Creek is full reach-scale erosion control measures, including complete reconstruction and restoration, for the upstream portion (approximately 250 metres) of the creek, and sub-reach erosion control measures, including protection of infrastructure and private property in localized areas and bank regrading, slope stabilization and removal of existing obstructions, for the remainder of the creek.

### The Process

In accordance with the Municipal Engineers Association's (MEA) *Municipal Class Environmental Assessment*, this Study was completed as a *Schedule B* project. The Study process included public and stakeholder consultation, development and evaluation of alternatives, an assessment of the impacts of the proposed improvements, and identification of measures to mitigate any adverse impacts.

A Public Information Centre (PIC) was held on Dec. 3, 2018 as part of the Municipal Class EA process to present the Study's alternative solutions which are documented in the Project File Report.

### Project File Report

The Municipal Class EA Project File Report has been prepared to document the planning process followed, including conclusions and recommendations, and how public input was received and considered. By this Notice, the Project File Report is being placed on public record for a 30-calendar day review period starting Oct. 17, 2019 and ending Nov. 15, 2019 in accordance with the requirements of the Municipal Class EA process. The Project File Report is available for public review on the City of Burlington's website [burlington.ca](http://burlington.ca) or at the following physical locations:

#### City of Burlington – City Hall

Clerk's Office, 1<sup>st</sup> Floor  
426 Brant Street  
Burlington, ON L7R 3Z6  
Monday to Friday 8:30 a.m. to 4:30 p.m.

#### Burlington Public Library – Central Branch

2331 New Street  
Burlington, ON L7R 1J4  
Monday to Thursday 9 a.m. to 9 p.m.  
Friday 9 a.m. to 6 p.m.  
Saturday 9 a.m. to 5 p.m.; Sunday 1 p.m. to 5 p.m.

## Comments

Written comments or questions may be provided to the City of Burlington's Stormwater Engineer, Umar Malik (contact information provided below) on or before Nov. 15, 2019. In the event concerns arise regarding the project which cannot be resolved in discussion with the City, a person or party may request that the Minister of the Environment, Conservation and Parks make an order for the proponent of the project to comply with Part II of the Environmental Assessment Act (commonly referred to as a Part II Order Request). To request a Part II Order, a standardized form, found on the Form Repository website ([www.forms.ssb.gov.on.ca](http://www.forms.ssb.gov.on.ca)) by searching "Part II Order" or "012-2206E" must be completed. Once completed, the form is then to be sent to the Minister and Director of the Environmental Assessment and Permissions Branch at:

Minister, Ministry of the Environment,  
Conservation and Parks  
77 Wellesley St. W., 11<sup>th</sup> Floor  
Toronto, ON M7A 2T5  
[minister.mecp@ontario.ca](mailto:minister.mecp@ontario.ca)

Director, Environmental Assessment and  
Permissions Branch, Ministry of the Environment,  
Conservation and Parks  
135 St. Clair Ave. W., 1<sup>st</sup> Floor  
Toronto, ON M4V 1P5  
[enviropermissions@ontario.ca](mailto:enviropermissions@ontario.ca)

A copy of the Part II Order Request must also be sent to:
