Kelle MacKinnon	March 26, 2019	<p>I am writing to express my issues with the proposed redevelopment of Georgian Court Estates. While I understand the reasoning behind it I do not agree with it.</p> <p>As you are aware, there is a shortage of affordable housing in Burlington. Those of us who live here do so for many reasons. Rent being affordable is 1. However there are many reasons.</p> <p>It is a beautiful community in Aldershot. The sense of community where you can have relationships with many neighbors is wonderful. Also the close proximity to all amenities needed for daily life makes it a desirable area to raise my family.</p> <p>The traffic right now on Plains Road is already insane at rush hour. Adding roughly 2500 more people into our community will continue to put more strain on the already strained infrastructure in the area.</p> <p>This area is our home. We love it for its affordability and sense of community. I love raising my family here and wish to continue to do so.</p> <p>Please don't take our homes from us.</p>
