

Planning Application for: 1159 Bellview Crescent File: 520-24/17 & 510-04/17

As you may remember from the previous Notice letter that was mailed on February 2, 2018, the City of Burlington has received applications from Markay Homes to rezone and create a plan of subdivision on the lands located at 1159 Bellview Crescent as shown on the sketch below.

The purpose of these applications is to allow the creation of five new lots for the construction of detached houses. Two of the lots will front on Bellview Crescent and the remaining three will front on a private condominium road. The proposed subdivision will connect to the draft approved subdivision to the east at 1167 Bellview Crescent. The subject lands are currently zoned Residential (R3.2), which permits single detached dwellings.

According to the City's Official Plan, the lands are designated Residential – Low Density, which allows single detached and semi-detached dwellings with a density to a maximum of 25 units per net hectare.
