

LIST OF REVISIONS FROM ORIGINAL SUBMISSION

Item		Revisions
1	A101 Site Plan	Provided access through the property to the south; added 1 surface parking space.
2	A301 Ground floor plan	Relocated lobby to the corner of Brock and Ontario streets to create a strong urban design feature and Amenity to Southwest corner of the building facing Brock street
3	A302 Second Floor Plan	Replaced lockers room with two units at south east corner.
4	A304 13th-19 th Floor Plan	Added new floor type with 8 units to reduce number of units from 170 to 162
5	A306 Amenity / Mech PH Floor Plan	Extend Amenity space all the way to the Northwest corner to enjoy the views.
6	A401 Elevations	Reduced the height of the corner feature element from 9.0m to 4.5m to show a more gradual height change from the building without losing the visual prominence. As well designed with backlit walls instead of exterior LED lighting.
