

October 3, 2019
MTE File No.: 45786-100

Ms. Tasha Mazza
Waggy Inc.
69 Markland Street
Hamilton, ON L8P 2J8

Dear Ms. Mazza:

**Re: Update Letter – Air Quality Assessment
Proposed Redevelopment
2294 & 2300 Queensway Drive, Burlington, ON (“the Site”)**

MTE Consultants Inc. (MTE) has prepared this letter in response to correspondence from the City of Burlington dated September 26, 2019 and related to the City’s review of a development application for the Site.

MTE previously prepared an Air Quality Assessment (AQA) report dated July 16, 2019 for the Site on behalf of Waggy Inc., which was provided to the City of Burlington as part of the development application.

Item 7 of the City of Burlington response letter requested confirmation that the Regional “Air Quality Guidelines” have been considered by MTE in the preparation of the AQA report. It appears this item is in response to page 3 of the AQA report, which states:

“Although mentioned in Policy 143 (12), a Halton Region document entitled “Air Quality Impact Assessment Guidelines” was not available for review.”

Based on recent correspondence with Halton Region, MTE now understands that the document described above is the same as the document titled “Air Quality Guidelines”, which is published on Halton Region’s website. A copy of the email correspondence with Halton Region is attached to this letter.

Accordingly, MTE can confirm that the Regional “Air Quality Guidelines” were reviewed and considered in preparation of the AQA report.

We trust that the information presented above meets with your needs and sufficiently addresses the comments provided by the City of Burlington. If you have any questions on the above please do not hesitate to contact the undersigned directly.

2294 & 2300 Queensway Drive, Burlington
MTE File No: 45786-100

Subject: Air Quality Guidelines

Hi Amitoj,

The [Air Quality Guideline](#) is the Air Quality Impact Assessment Guideline.

Please let me know if you need anything else.

Thanks,

Nadia
