Confirmation of Registration

Registration Number: R-007-3111981090

Version Number: 001

Date Registration Filed: Jan 31, 2020 12:16:20 PM

Dear Sir/Madam,

TRIPLE M METAL LP

1 KENVIEW Boulevard (blvd)
BRAMPTON ON L6T 5E6

You have registered, in accordance with Section 20.21(1)(a) of the *Environmental Protection Act*, the use, operation, establishment, alteration, enlargement or extension of an end-of-life vehicle waste disposal site, as prescribed in O. Reg. 85/16.

Please note if you answered 'Yes' to question 3.4a, or if you answered 'No' to the questions 3.4b (i), or 3.4c (i) your site may be required to obtain an Environmental Compliance Approval for your air activities in addition to your registration on the Environmental Activity and Sector Registry for your waste operations.

961 ZELCO Drive BURLINGTON ON L7L 4Y2

Please note that the end-of-life vehicle waste disposal site is subject to the applicable provisions of O.Reg 245/11 and O. Reg. 85/16.

The activity related information provided during the registration process is included as part of the confirmation of registration as schedule 'A'.

Schedule 'A'

Part 3 — Activity Information

3.1 Registration Information

- (a) Does your site receive end-of-life vehicles? Yes No
- (b) Does your site have 10 or more end-of-life vehicles on site at any one time, receive more than 2 end-of-life vehicles in any one calendar year, and engage in anything other than the removal of parts from end-of-life vehicles for reuse and the collection, handling, transportation, storage and transfer of end-of-life vehicles? Yes No
- (c) Does your site engage in anything other than the collection, handling, transportation, storage and/or transfer of end-of-life vehicles, or store or handle any end-of-life vehicle for more than 180 days? Yes No

3.2 End-of-Life Vehicle Site Related Information

- (a) Has your site been identified as a significant drinking water threat in a source protection plan prepared under the Clean Water Act, 2006? Yes No
- (b) Other than waste generated on the property upon which the end-of-life vehicle waste disposal site is situated, does your site accept or manage any PCB waste, radioactive waste, or treated and/or untreated biomedical waste? Yes No
- (c) Does your site accept or manage any asbestos waste, other than components removed from a motor vehicle that contain asbestos (e.g. brake pads)? Yes No
- (d) Does your site accept or manage fluids removed from an end-of-life vehicle that were removed off the site? Yes No

3.3 End-of-Life Vehicle Activity Related Information

- (a) Are the only wastes managed on site the following: Yes No
-End-of-life vehicles;
-A component removed from an end-of-life vehicle, including fluid-containing components (e.g. internal combustion engine, transmission, radiator) or other wastes removed from an end-of-life vehicle (e.g. tires);
-Metal, or other waste that is primarily metal by weight, that is destined for a site at which the principal purpose of use is not waste management or combustion.
- (b) Does your site engage in thermal treatment of waste (e.g. incineration)? Yes No
- (b)(i) If yes, is one of the following conditions met? Yes No
-An environmental compliance approval has been issued in respect of the thermal treatment site; OR
-The site is a waste-derived fuel site that includes a combustion unit that is used principally for heating the interior of a building or other enclosed space for the comfort of occupants or for the provision of a suitable temperature for materials (including plant or animal life) in the building or enclosed space and is located in the Territorial District of Algoma, Cochrane, Kenora, Manitoulin, Nipissing, Parry Sound, Rainy River, Sudbury, Thunder Bay or Timiskaming.
- (c) Does your site engage in the disposal of waste by depositing it into the land? Yes No
- (c)(i) If yes, is the following condition met? Yes No
- An environmental compliance approval has been issued that permits the disposal of the waste.

3.4 End-of-Life Vehicle Equipment Related Information

- (a) Does your site use any shredding or rotary shearing/shredding equipment? Yes No
- If the answer to this question is yes, you may be required to obtain an Environmental Compliance Approval for your air activities in addition to your registration on the Environmental Activity and Sector Registry for your waste operations.
- (b) Does your site engage in any torching or lancing of materials? Yes No
- (b)(i) If yes, are the following conditions met?

-The metal cut has a maximum thickness of 250 mm; AND
-A plan is in place to prevent visible emissions from being carried beyond the property upon which the end-of-life vehicle site is situated.

Yes No

If the answer to this question is no, you may be required to obtain an Environmental Compliance Approval for your air activities in addition to your registration on the Environmental Activity and Sector Registry for your waste operations.

(c) Does your site operate crushing equipment?

Yes No

(c)(i) If yes, is one or more of the following conditions met?

-Crushing equipment is located a minimum distance of 250m from the property boundary of the closest noise receptor; OR
-The crushing equipment has a barrier with a minimum density of 20 kg/m² installed that blocks the line of sight between the crushing equipment and the closest noise receptor; OR
-The crushing equipment is not operated for more than 50 days per calendar year.

Yes No

If the answer to this question is no, you may be required to obtain an Environmental Compliance Approval for your air activities in addition to your registration on the Environmental Activity and Sector Registry for your waste operations.
