| Desktop / Notebook Computers | \$157,436 | 100% | US Energy Star IT Eco declaration EPEAT |
| Lighting Products | \$30,894 | 4.79% * | Energy Star |
| **Paper | \$52,219 | 30% post – consumer recycled content | SFI Certified |
| Stationery Supplies | \$144,831 | 21.33% | Eco Easy (Staples Green Labelling) |
| Laser Toner Cartridges | \$13,654 | 100% of the product is returned for recycling at the end of life. | CAN/CGSB-53.148 (of Canadian General Standards Board) |
| | | 31% of the product is made from recycled content | |

- * This percentage is small because of the energy retrofits done in recent years. The equipment that exist that uses the majority of the lighting shown here needs to be upgraded to allow for energy efficient lighting.
- ** Paper usage corporately has decreased each year in the last two years. The combined decrease in pager usage for 2011 & 2012 is 486,899 sheets of paper.
