Recent Continuous Improvement Initiatives

in 2018:

By-Law Enforcement vehicles and officer uniforms were rebranded to reflect a new service name of Municipal Law Enforcement.

Project 940 was launched to enhance the enforcement of the Nuisance and Noise By-Law in partnership with Halton Regional Police Service. This pilot program ran during the summer months over the weekends to allow for extended service hours.

An enhanced by-law enforcement service is available to provide after hours answering service to support urgent bylaw enforcement complaints after regular business hours and on weekends.

A number of business licenses are available to be renewed on line.

Lot Maintenance By-Law 59-2018 went forward to Council and was enacted in September 2018, This new by-law captures additional standards for residential properties.

A new Election Sign By Law was passed by Council, reflecting on 215 election signs being removed from City property, pro actively 196 removed with 19 confirmed violations from complaints.

Emerging Opportunities and Anticipated Risks

Emerging Opportunities	<p>Use radio dispatch to increase employee safety, push system, pro-active, so there is faster service so issue can be addressed when occurring.</p> <p>Encourage self-serve options for customers by initiating a new online service for portable sign permit applications.</p> <p>Opportunity for re-alignment of Municipal Law Enforcement duties and service level.</p> <p>Public Vehicle by-law review to meet the growing needs of the community, including residents and businesses. And to reflect the changes in the ride sharing and taxi businesses.</p>
Anticipated Risks	<p>With new by-laws and City growth, limited staffing and budget constraints may impact the service levels and response times. Other anticipated risks may include public perception and confidence when by-laws are not being enforced in a timely manner.</p> <p>Continuation of non-compliance and the possibility and risk of litigation, could financially effect the operating costs.</p> <p>To meet the ever increasing needs of the community, true innovation is needed to provide adequate enforcement.</p>

Service Objectives

Target Completion

Review the Public Vehicle By-Law - to update the current business needs and requirements for ride sharing and the changing taxi industry.	Dec 2019
Review the Property Standards by-law - By updating the Property Standards by-law to reflect OBC amendments and Cannabis Act	Dec 2019
Online Service for Portable Sign Permit Application - to create an online permit application process for the portable sign industries and local businesses.	Dec 2019

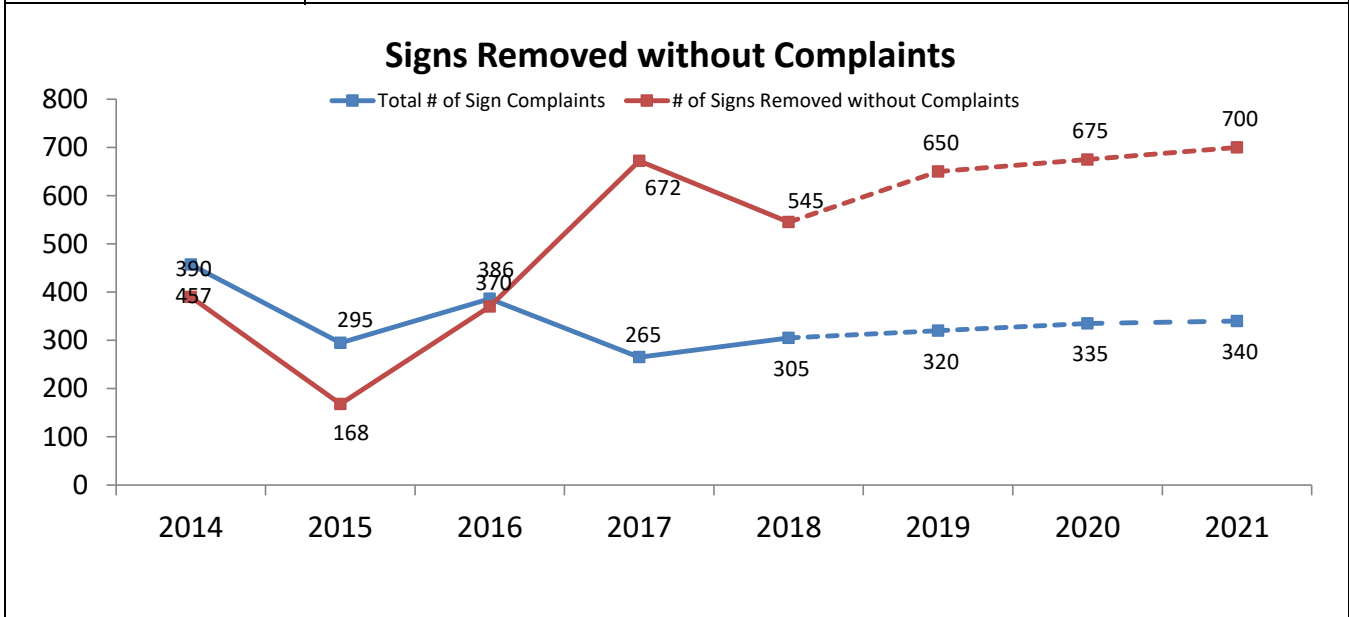

MEASURING SUCCESS

# of graffiti complaints	47	44	120	65	80	72	65	70

How well did we do it?

Performance Measurement	Signs Removed without Complaints
Story behind the data	Due to an increase of illegal signs placed on City property, the By-Law Enforcement team initiated a proactive approach in removing signs from City owned lands giving clearer sight lines and cleaner landscapes through out the City. Educating business owners on the City's By-Law on the regulation of signs and placement of signs is on going. In efforts to prevent the continuation of contravention and violation of the By-Law, penalties for non compliance are being implemented.

Is anyone better off?

Performance Measurement	% of Enforcement by Action Type
Story behind the data	As complaints go up due to the growth of the City and community awareness, we are continuing our efforts in gaining compliance through proactive enforcement as well as providing a higher level of service to both the complainant and the contravener. Consulting with property owners and business owners, we are educating and enforcing so our legal action is at a minimal level.
Where do we want to go?	We want to gain compliance through education by working with the community to bring awareness to the City's By-Laws and regulations to build a cleaner, safer and engaged community.
