

Development and Infrastructure Division

TO: Mayor and Members of Development & Infrastructure Committee

SUBJECT: Burlington Executive Airport Update #12 – April 14, 2014

Discussion:

The following is a summary of the issues that have been addressed or are in the process of being addressed since the last update to Council, on March 24, 2014.

Site Alteration By-law Update

First Draft consultations have continued.

The Second Draft is to be completed in early May and a Public Meeting organized for mid May to facilitate the second round of consultations.

The final version of the revised By-law is to be presented at Committee and Council in June.

Other Regulators:

Update on FOI Request to MOE for Monitoring Plan and Details

Planning and Clerk's staff will work together in corresponding with the mediator regarding the City's appeal to the Information and Privacy Commissioner's office. Staff are hopeful that through this process, additional information not already received from the MOE through the City's FOI request will be obtained, including the groundwater monitoring plan and associated details. Should the mediation approach not be successful, the City still has the ability to request formal adjudication of its appeal.

City staff have recommended that a meeting take place with the City, MOE and residents in attendance, once the results of the monitoring program are available, to discuss the results. This meeting is yet to be confirmed and scheduled.

Legal Matters:

There are no new legal updates to provide since the previous update memo to Committee.

Communication Matters:

The City's website (<http://cms.burlington.ca/Page11441.aspx>) is updated as new information is available. No new significant information has been uploaded to the website since the last update memo to Committee.

Conclusion:

This report has been provided for information.

Respectfully submitted,

Scott Stewart, C.E.T.
