Appendices to the By-law (Not Operative Parts of the By-law)

Appendix A: Approximate location of Conservation Authority Regulation Limit
Appendix B: Approximate location of highway and railway right-of-ways
Appendix C: Approximate location of pipeline right-of-ways

Burlington Residential Zoning By-law, Appendix A, Approximate Location of Conservation Authority Regulation Limits

City of Burlington

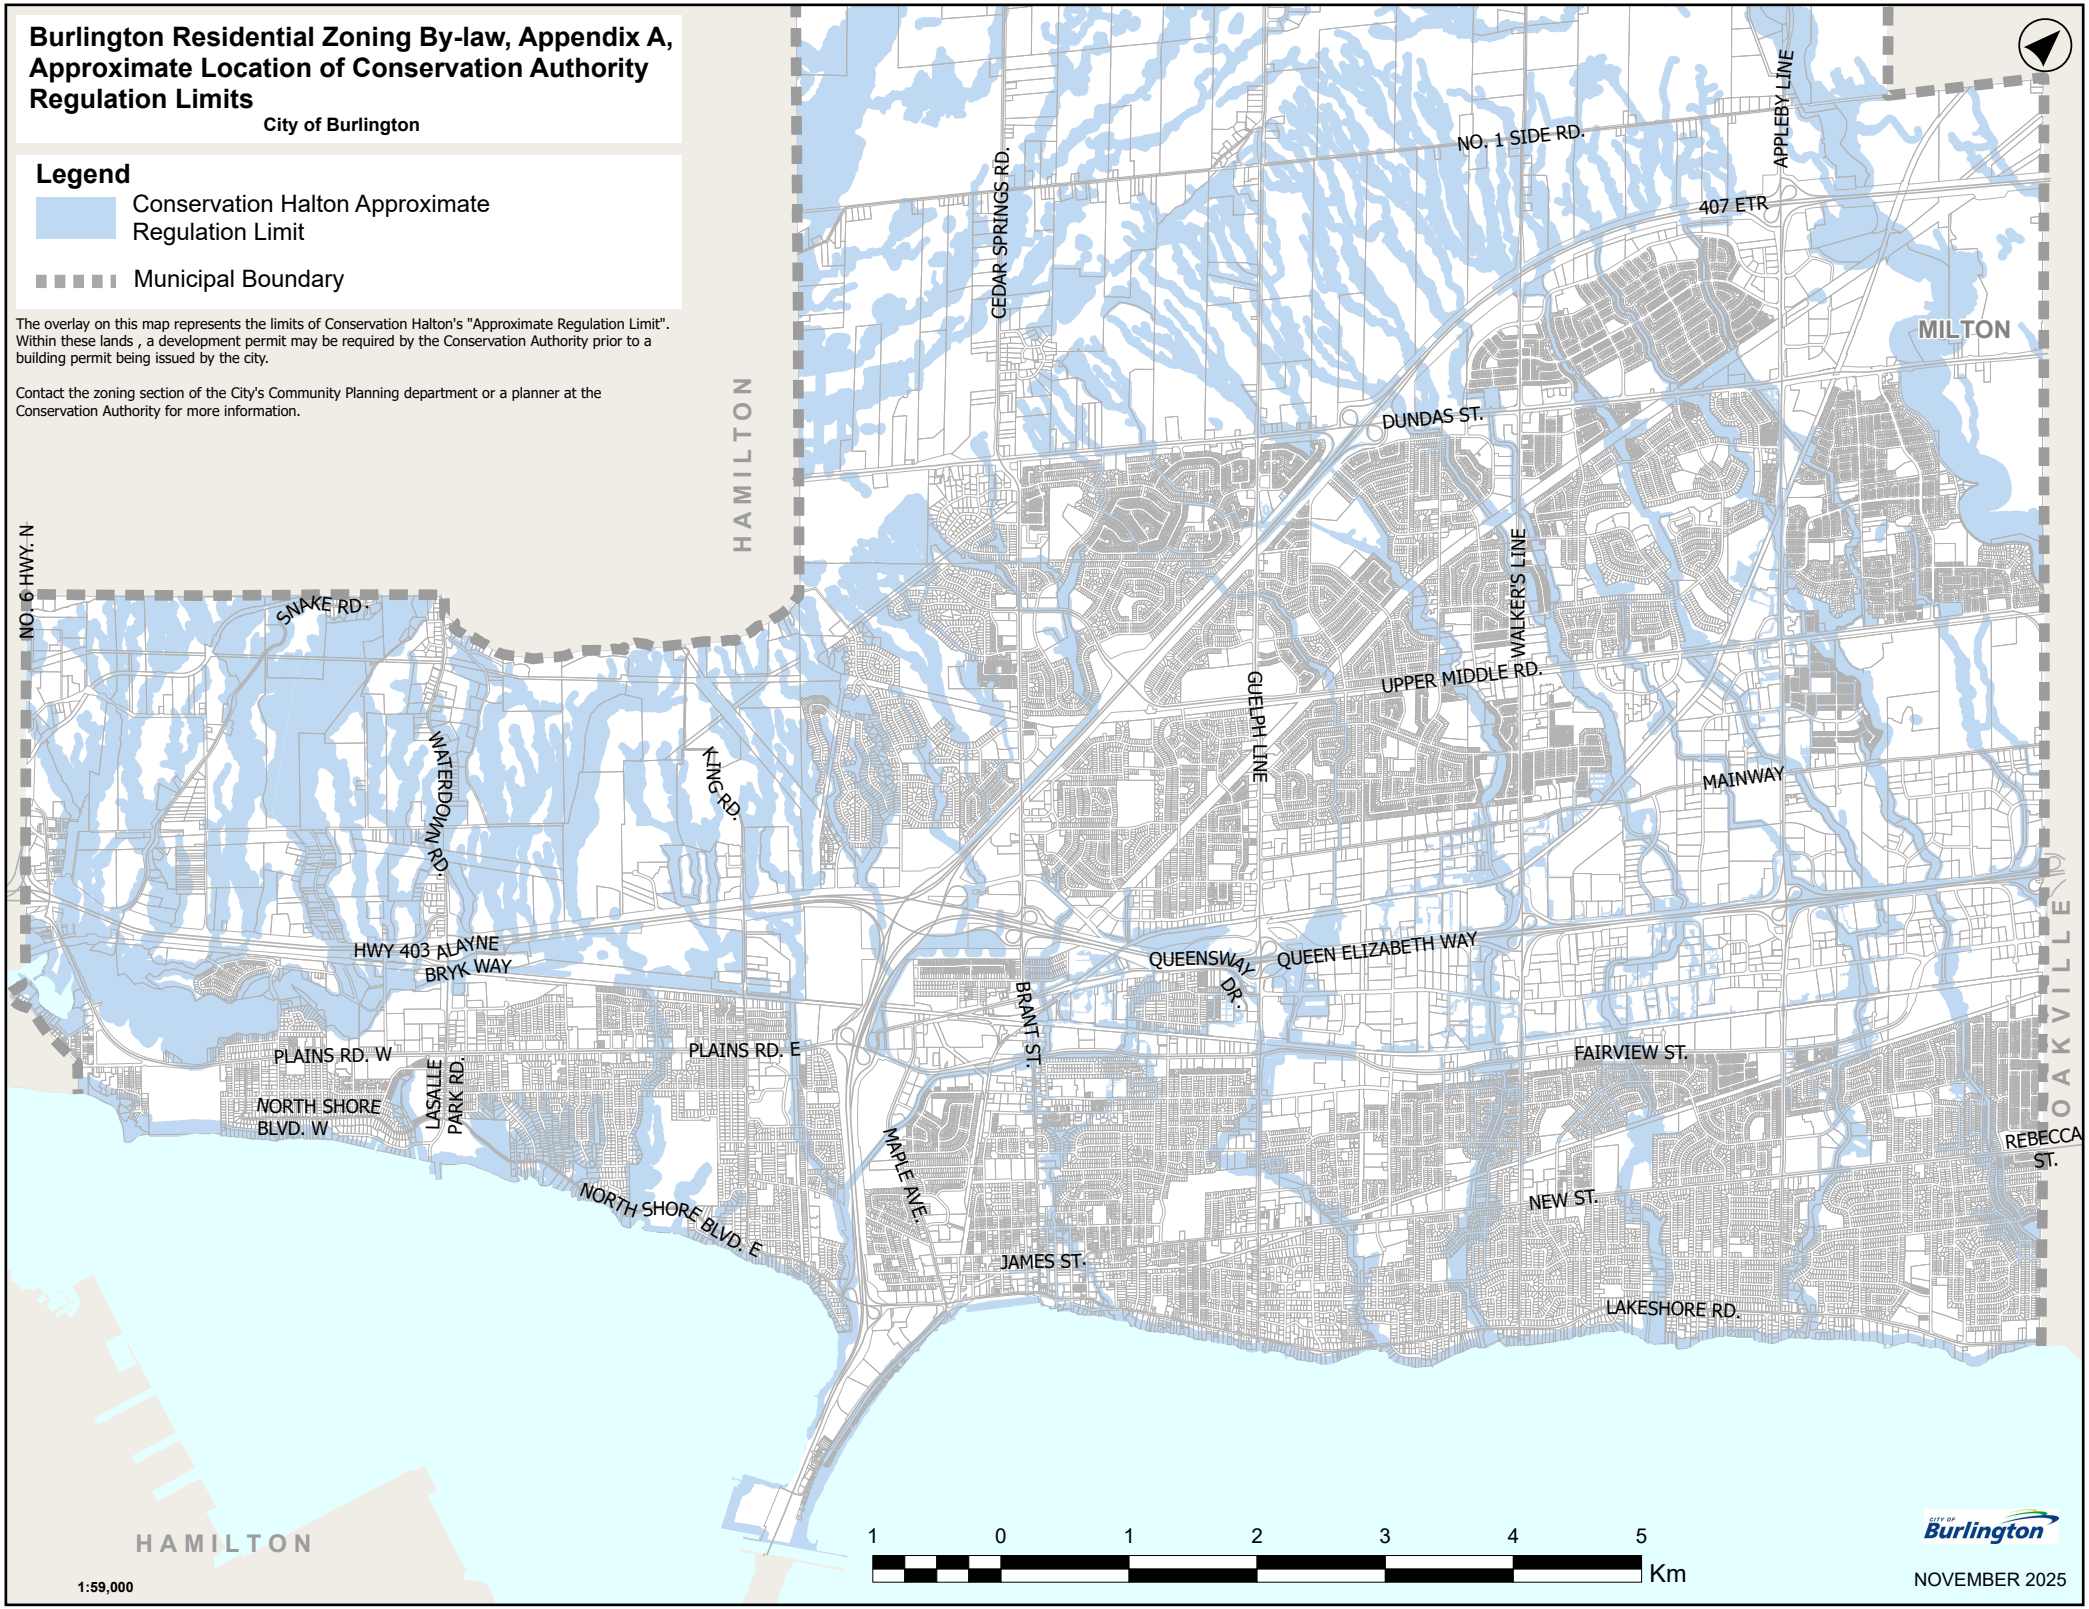

Legend

Conservation Halton Approximate Regulation Limit

Municipal Boundary

The overlay on this map represents the limits of Conservation Halton's "Approximate Regulation Limit". Within these lands , a development permit may be required by the Conservation Authority prior to a building permit being issued by the city.

Contact the zoning section of the City's Community Planning department or a planner at the Conservation Authority for more information.

Burlington Residential Zoning By-law, Appendix B, Approximate Location of Highway Corridors and Railway Right-of-Ways

City of Burlington

Legend

- Highway Corridor
- Railway Right-of-Way
- Municipal Boundary

The location of the highway corridors and railway right-of-ways are approximate. These corridors and right-of-ways relate to additional setbacks applied in the Zoning By-law to identified and adjacent lots. The exact location will be determined at the time of application for a building permit or planning approval. This map is provided for convenience purposes only. Contact the zoning section of the City's Community Planning department for further information.

Burlington Residential Zoning By-law, Appendix C, Approximate Location of Pipeline Right-of-Ways

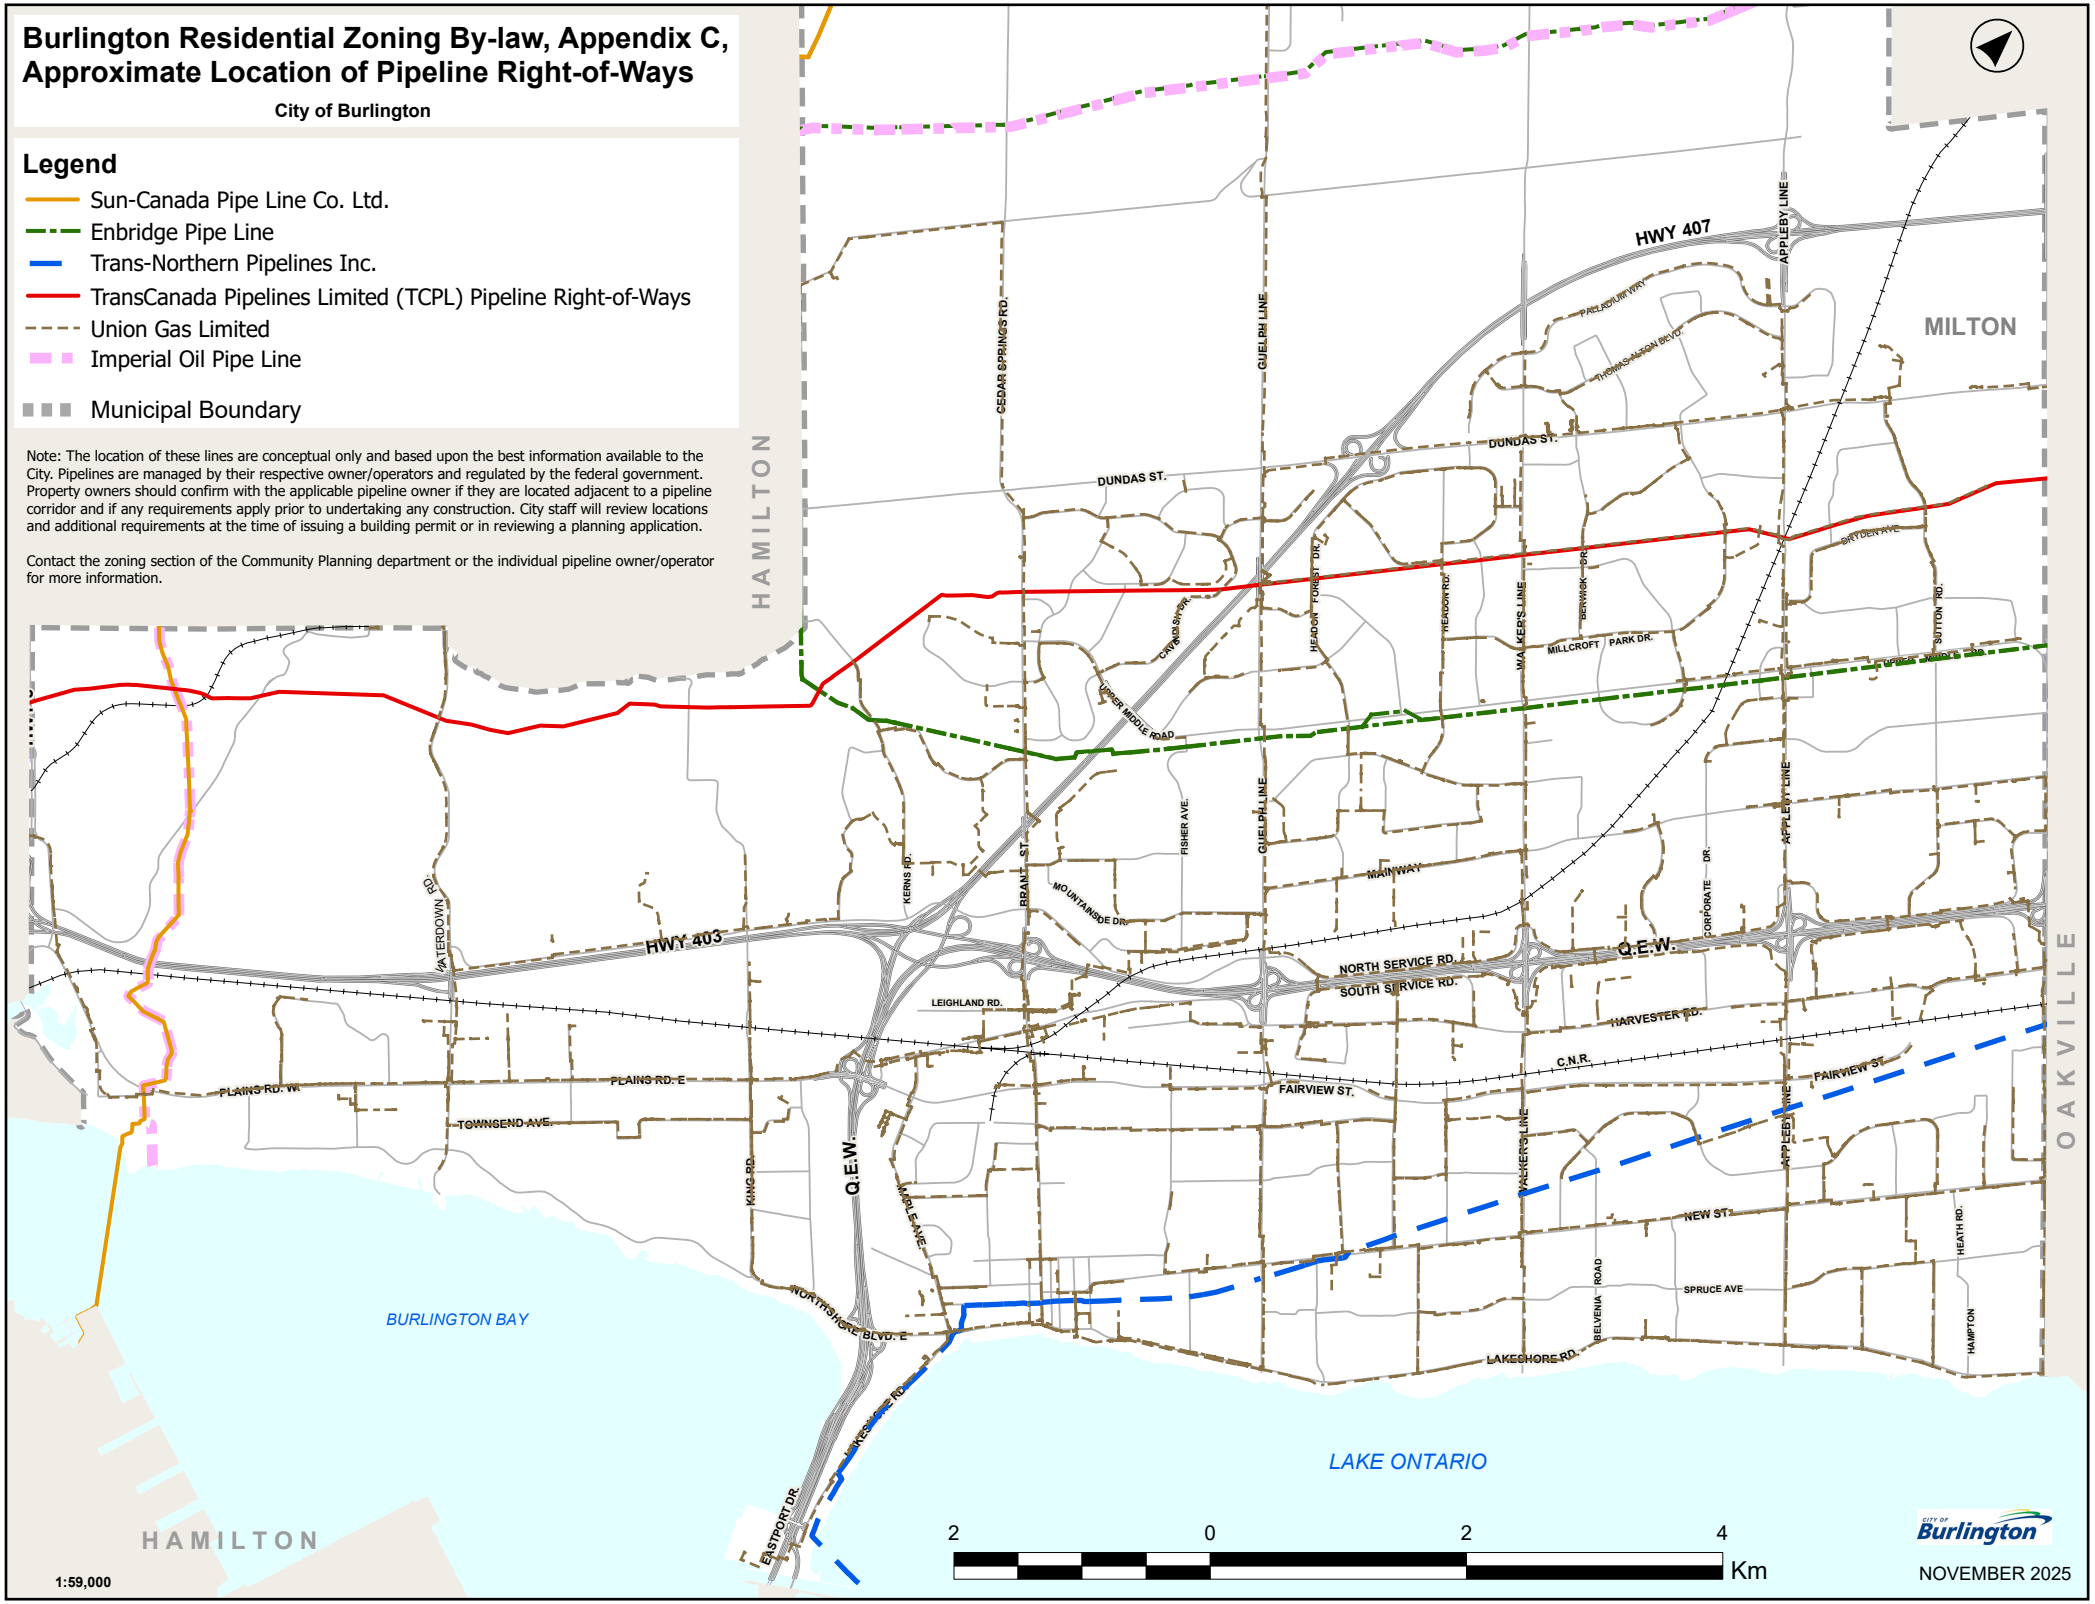

City of Burlington

Legend

- Sun-Canada Pipe Line Co. Ltd.
- Enbridge Pipe Line
- Trans-Northern Pipelines Inc.
- TransCanada Pipelines Limited (TCPL) Pipeline Right-of-Ways
- Union Gas Limited
- Imperial Oil Pipe Line
- Municipal Boundary

Note: The location of these lines are conceptual only and based upon the best information available to the City. Pipelines are managed by their respective owner/operators and regulated by the federal government. Property owners should confirm with the applicable pipeline owner if they are located adjacent to a pipeline corridor and if any requirements apply prior to undertaking any construction. City staff will review locations and additional requirements at the time of issuing a building permit or in reviewing a planning application.

Contact the zoning section of the Community Planning department or the individual pipeline owner/operator for more information.
