Re: Environmental Site Assessment Consultant Reliance Letter, 1989 Appleby Line, Burlington, Ontario
Project #: 1901204

To Whom It May Concern:

Palmer (the "Consultant") understands that 1989 Appleby Latch Limited Partnership (the "Client") is seeking approval of their development application from the City of Burlington and/or Halton Region regarding the above-referenced property (the "Site"). The Client has requested that the City and/or Region accept the following report(s), which was prepared by the Consultant for the exclusive benefit and use of the Client:

- Phase One Environmental Site Assessment, 1989 Appleby Line, Burlington, Ontario, dated July 6, 2022, Project # 1901204; and,
- Phase Two Environmental Site Assessment, 1989 Appleby Line, Burlington, Ontario, dated July 6, 2022, Project # 1901204.

The Consultant therefore agrees that the City and/or Region and its peer reviewer may use and rely on the Report(s) as if the report(s) had been prepared for the use and benefit of the City notwithstanding any statement to the contrary contained in the report(s).

The Consultant recognizes that the City and/or Region will utilize the Report(s) for the purposes of assessing the environmental risk inherent in the contemplated development of the Site. The Consultant certifies that the Report(s) were prepared, developed, and performed in a manner consistent with the accepted level of skill and care ordinarily exercised by a reasonable environmental professional under similar conditions and in accordance with environmental laws and regulations applicable at the time of the investigation.

Sincerely,

Palmer
