

Blair Road and Landmark Road Minor Reconstruction Project Update – July 2026

Burlington.ca/BlairLandmark

Pacific Paving Limited has been awarded the Blair Road and Landmark Minor Reconstruction Contract that will be starting at the end of July. The City will be replacing the roadway pavement, full replacement of curb, installation of new sidewalks, isolated storm sewer repairs and streetlighting upgrades. Every effort will be made to keep disruptions to a minimum. Construction signs will be posted, and the work site will be secured. For your safety, please use caution and obey all signs.

To help coordinate deliveries and reduce construction disruptions, the City requests that local businesses share their contact information and delivery schedules. Please send your details to steven.hyett@burlington.ca so our team can proactively accommodate your operational needs during construction.

Project Location

Project Scope

The City of Burlington will be working on:

Location	City Works
Blair Road (From Mainway to cul-de-sac at south limit)	• Full asphalt replacement, curb/gutter replacement • New sidewalk installation • Localized storm sewer repairs • Streetlighting upgrades
Landmark Road (from Blair Road to east limit)	• Full asphalt replacement, curb gutter replacement • New sidewalk installation • Localized storm sewer repairs • Streetlighting upgrades

Project Schedule

The construction timeline for the above-mentioned streets is:

- July 2026 to November 2026

Contacts

Inquiry	Contact
Day-to-day construction	Andrew Mason, Construction Inspector City of Burlington 905-220-5493 Andrew.Mason@burlington.ca
All other construction inquiries	Chris Onishi, Project Manager City of Burlington 905-335-7600, ext. 7682 Chris.onishi@burlington.ca Steven Hyett, Contract Administrator City of Burlington 905-335-7600, ext. 7568 Steven.Hyett@burlington.ca

Utilities

Utilities such as Union Gas, Hydro and Bell Canada have already started to locate their existing infrastructure to prepare for this construction. ***Please do not remove these marker stakes or paint markings. Staff will return to remove them once the project is complete.***

Access to Your Property
Please note that during normal construction hours (Monday to Friday, 7 a.m. to 6:30 p.m.) vehicle access to and from your properties may at times be difficult, additionally, driveways will be temporarily closed when work is being carried out in the immediate area. Either the inspector or the contractor will notify you of access interruptions before the closure.

Your Front Lawn and Driveway

As part of this project, the curb may be replaced. Minor regrading of your boulevard lawn near the road will be required. Any damage to your lawn, walkways, and driveways will be restored.
For information regarding driveway credits, please visit the project website.

Road Closures/Lane Restrictions
Lane restrictions will be in place during construction. You will still have access to your home. Additional information will be provided during construction.

Garbage Pick Up
Please continue to put your garbage and recycling out on the usual day. It is the contractor's responsibility to move your garbage and recycling to a location that can be accessed by the garbage truck and return your garbage/recycling containers. To help the contractor, we ask that you mark your house number on your garbage cans and recycle bins.

Lawn Irrigation System
If you have a lawn irrigation system where curb are to be replaced. We request that you flag all irrigation heads, so they are not damaged. The City is not responsible for damaged heads within the road allowance. This does not have to be done until work in your area is scheduled.

Vibration
You may at times experience some minor vibration from construction equipment. We recommend that you remove small, light objects from shelving around the house.

If you require more details, please do not hesitate in calling the contacts below.

Trees
Tree protection barriers will be erected around all trees in the right-of-way, within the construction limits, with an opening to allow homeowner access to maintain the area within.

Project Updates and Current Information
If you would like to receive notification via email when future Project Updates are available, please subscribe to the project webpage **Burlington.ca/BlairLandmark.**

We would like to thank you for your co-operation and understanding during this construction period.

Kind Regards,

Chris Onishi
Project Manager
City of Burlington

cc. Councillor Shawna Stolte, Ward 4
