Statutory Public Meeting & Planning Staff Report
The City of Burlington is looking for your feedback on a development application in your area.

What is Proposed?

ICP Developers Inc. has made an application to change the Zoning and Official Plan designations for the property located at 1860-1900 Appleby Line.

This would facilitate a mixed-use development consisting of one 18-storey building and two 16 storey buildings for a total of 560 residential units with ground and second floor commercial and office uses. The proposal includes underground and surface parking spaces and both indoor and outdoor amenity area, including a proposed Private Owned Publicly Accessible Space (POPS) to the south of each building in a linear arrangement, as shown in the attached sketch. The proposal is intended to be developed in 3 phases, with the first being the 18 storey building.

The subject lands are currently designated 'Uptown Employment' in the City of Burlington Official Plan (1997), as amended and 'Uptown Core' in the New Official Plan.

The applicable zoning of the subject lands is Uptown Employment with a site specific exception (UE-496) Zone. A site-specific Uptown Employment Zone has been proposed, with amendments which include, but may not be limited to, matters related to maximum permitted building height and density.
