Land Acknowledgement

Burlington as we know it today is rich in history and modern traditions of many First Nations and the Métis.

From the Anishinaabeg to the Haudenosaunee, and the Métis –

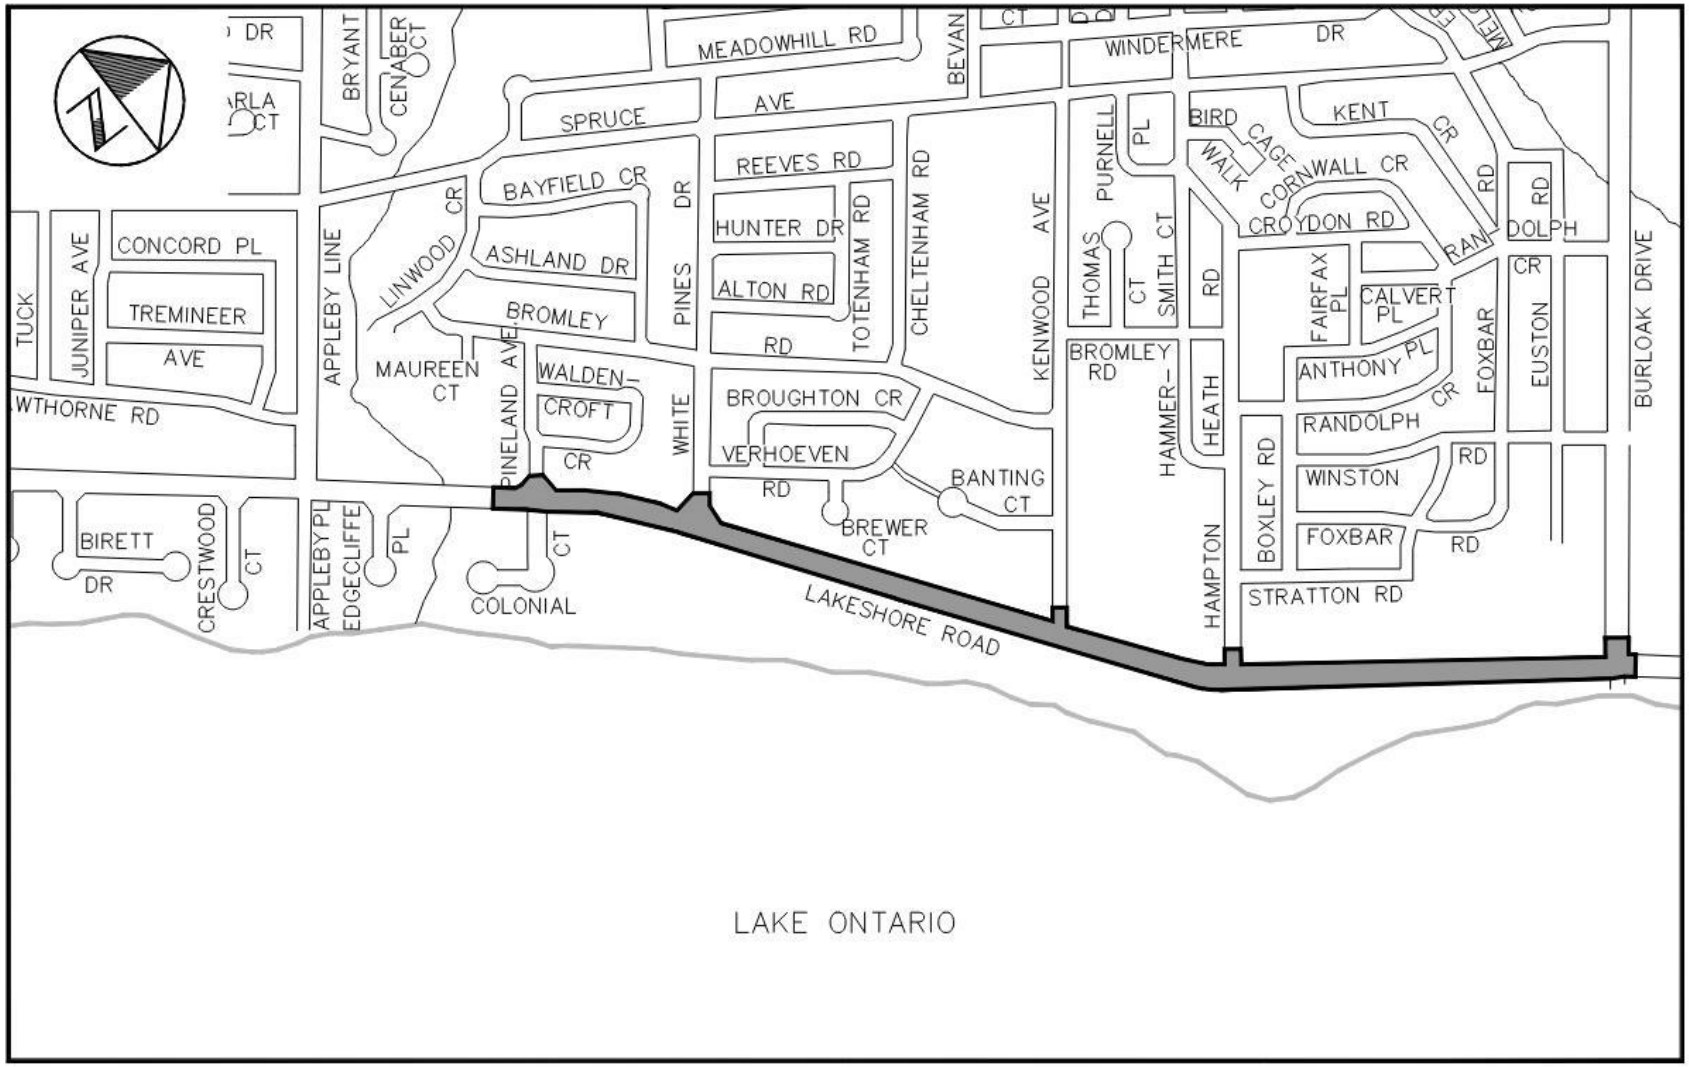

our lands spanning from Lake Ontario to the Niagara Escarpment are steeped in Indigenous history.

The territory is mutually covered by the Dish with One Spoon Wampum Belt Covenant, an agreement between the Iroquois Confederacy, the Ojibway and other allied Nations to peaceably share and care for the resources around the Great Lakes.

We would like to acknowledge that the land on which we gather is part of the Treaty Lands and Territory of the Mississaugas of the Credit.

LEGEND

Project Limits

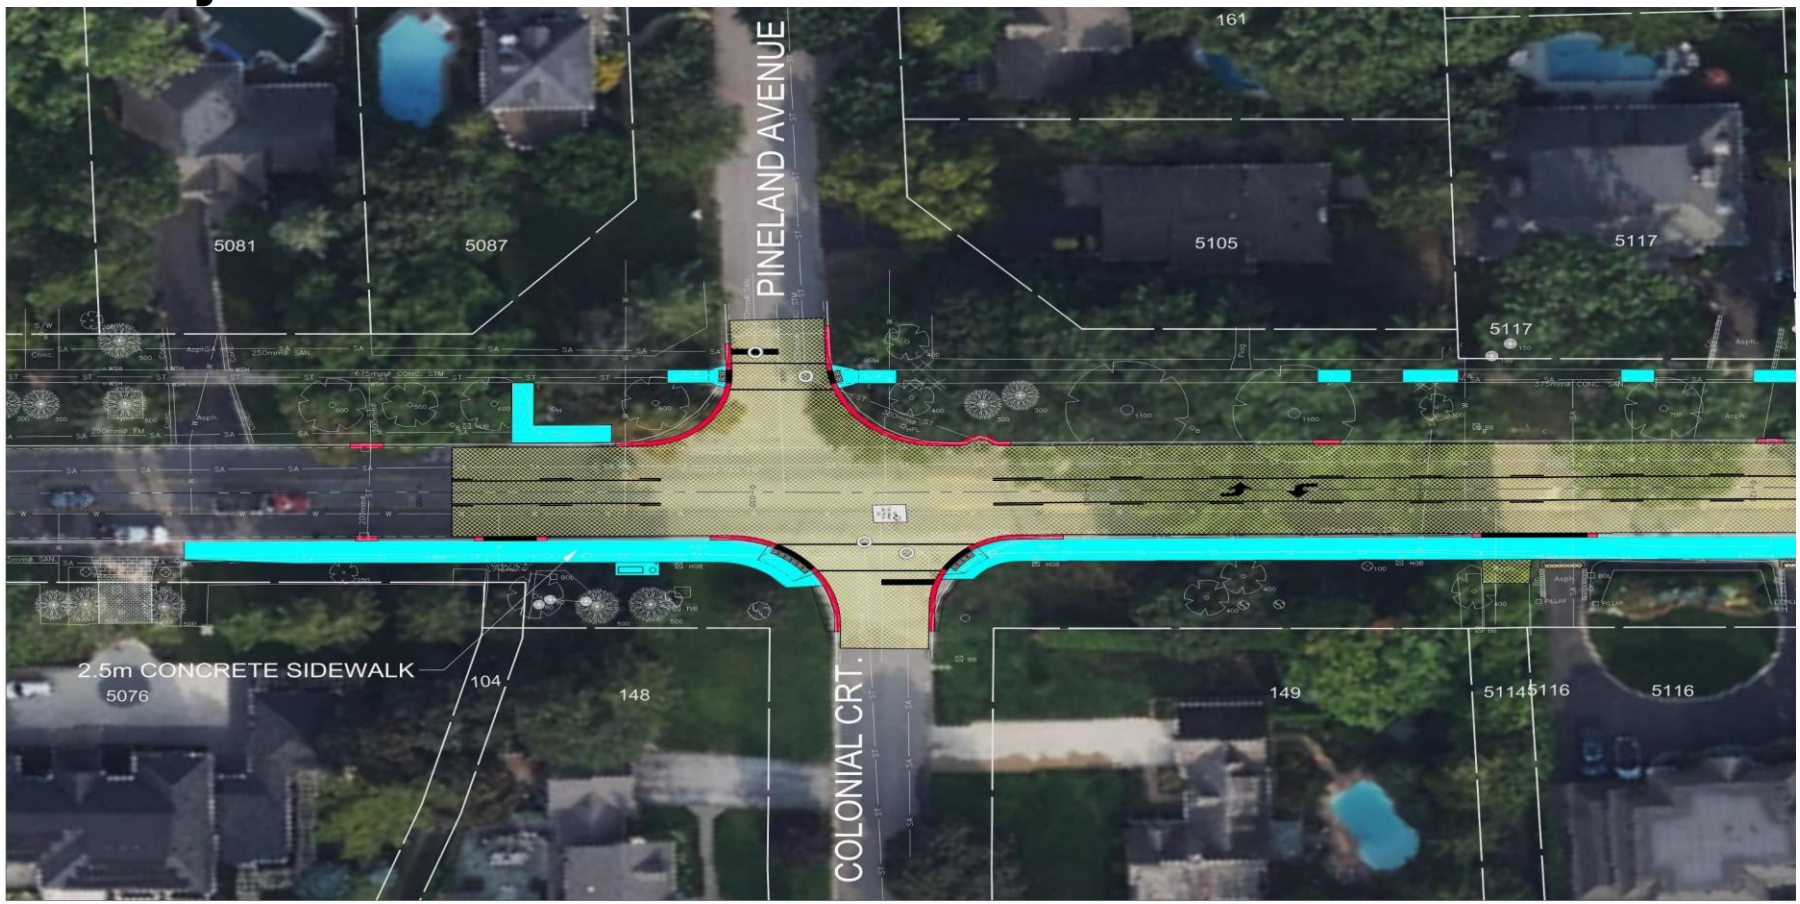

Budget & Tentative Project Schedule

Public Information Centre:	February 12, 2025
Tender Close:	March 2025
Construction:	May to November 2025
Total Budget:	**$ 3,688,000**

Scope of Work

- Spot curb replacement
- Spot sidewalk replacement on the north side
- Full multi-use pathway replacement on the south side. The material will be changed from asphalt to concrete and widened where possible.
- Street Lighting Improvements
- Asphalt resurfacing
- Traffic signal upgrades and pedestrian crossing improvements at Kenwood Dr., Hampton Heath, and Burloak Dr. intersections.
- Installation of Pedestrian Crossings (PXOs) at two locations.
- Transit stop upgrades - 13 locations
- Storm sewer spots repairs and upgrade

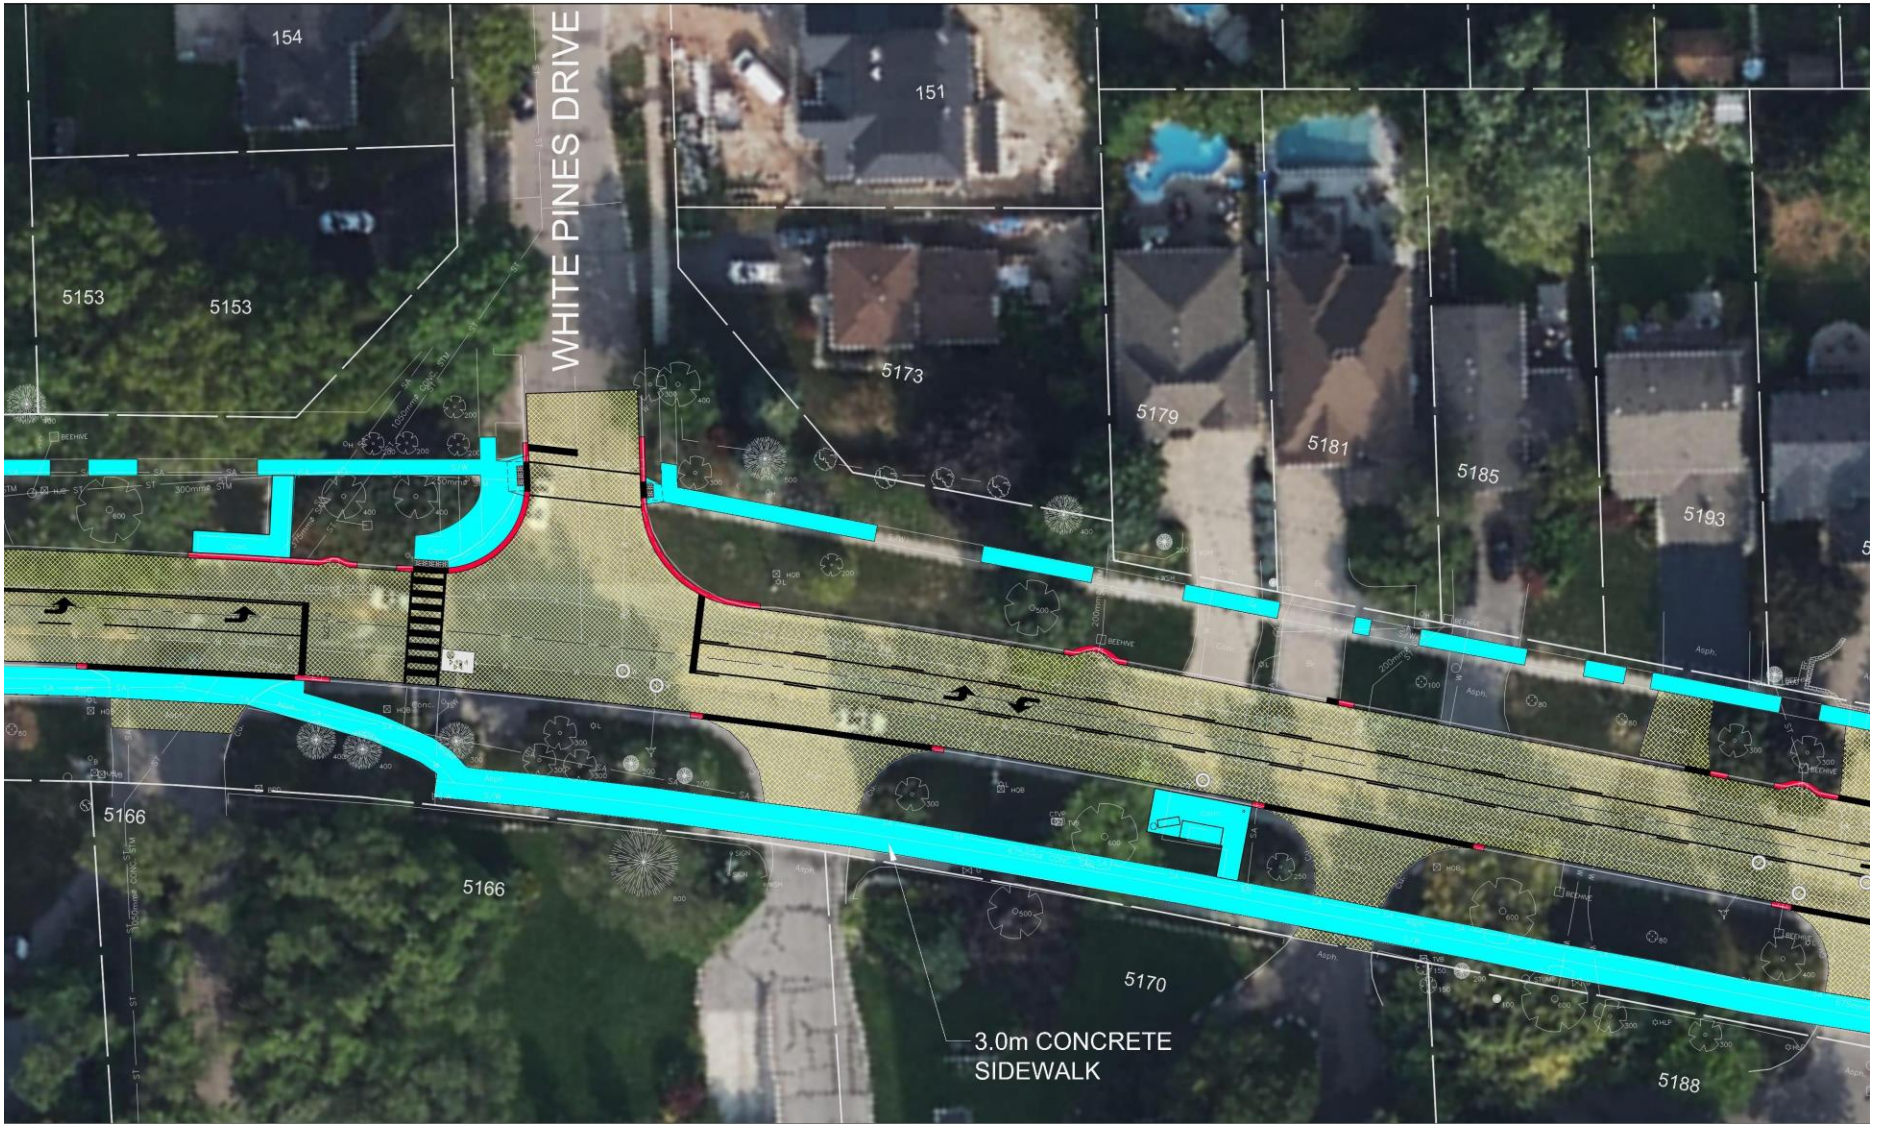

Project Plans

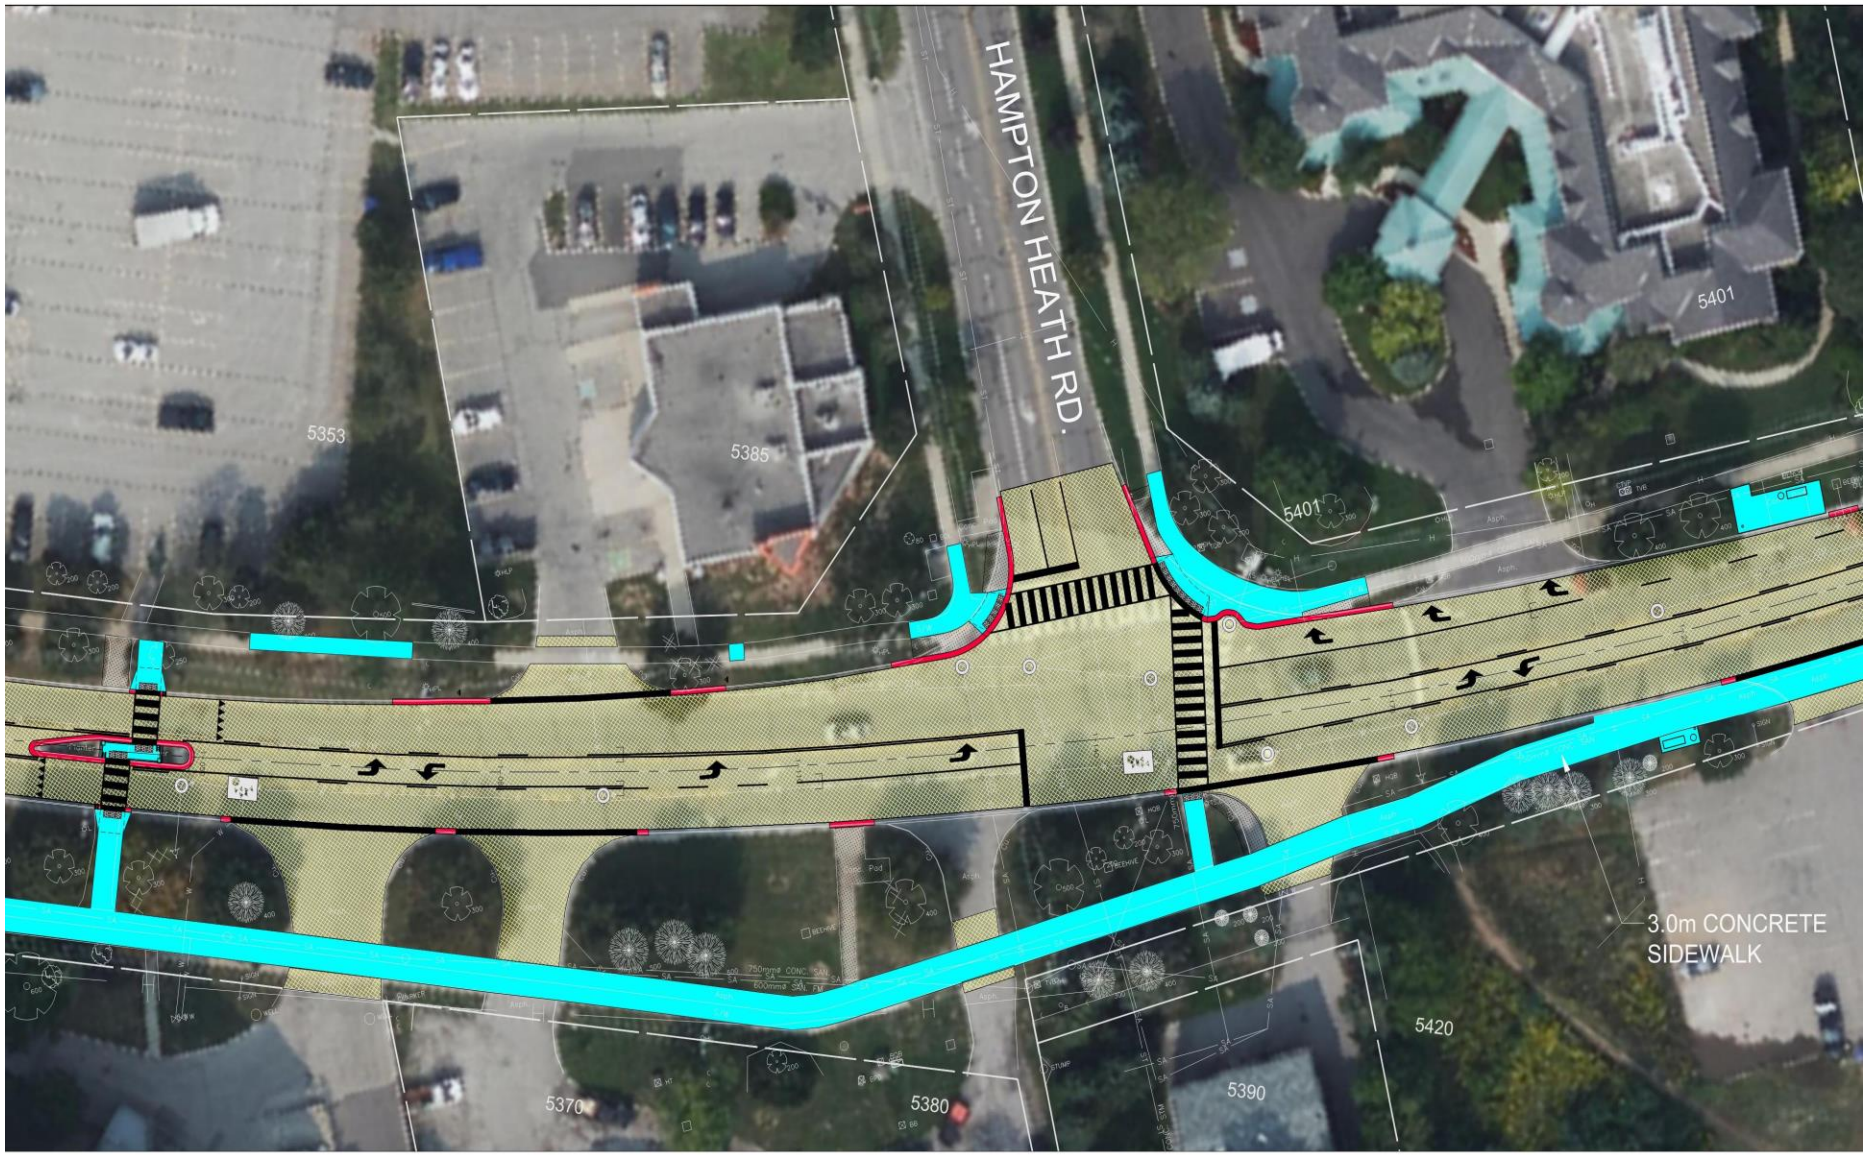

LEGEND:

- ASPHALT REPLACEMENT
- CONCRETE SIDEWALK REPLACEMENT
- BRICK DRIVEWAY REPLACEMENT
- CONCRETE DRIVEWAY REPLACEMENT
- CURB & GUTTER REPLACEMENT
- STORM SEWER REPLACEMENT
- PROPOSED STREET LIGHT
- TREE REMOVAL (CONDITION)
- TREE REMOVAL (CONSTRUCTION)

Burlington

Driveway Restoration

All driveways damaged by construction will be repaired.

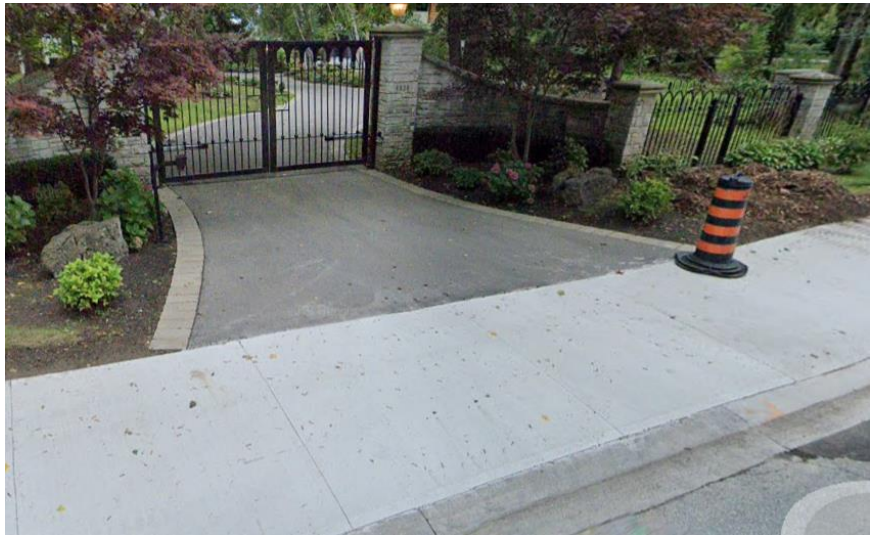

If your driveway is in poor condition and you are intending to repave your entire driveway, a credit for the cost the City would incur to restore your driveway is available.

If the property owner receives a driveway credit:

- The homeowner hires its own Contractor and the City does not warranty the work.
- Any damage to road, curb, etc., caused by the private driveway Contractor is the responsibility of the property owner.

Parking

During normal construction hours, Monday to Friday, 7 a.m. to 5:30 p.m., vehicle access to and from your property may be difficult. Driveways will be temporarily closed when work is being carried out in the immediate area. When your driveway is inaccessible or closed, please park on a neighbouring street, or where no construction is taking place and parking is permitted. If your vehicle will be in contradiction to the below by-law, register your vehicle for the On-Street Parking Exemption Program at:

www.burlington.ca/exemption

How does a parking exemption work?

It allows a vehicle to park on the street beyond the 5-hour limit or overnight between 1 a.m. to 6 a.m., up to 15 days per calendar year, per license plate.

All other parking offences apply as they are not part of the parking exemption program.

During City construction projects.

The extra days will not be included in the 15-day per year limit when your driveway is not accessible.

However, it is important to register your vehicle for this program so that you will not receive a parking ticket

Additional Information

Lane Closures and Access

- Lane restrictions will be necessary to complete the work.
- Coordination with school transportation and Burlington Transit will be made to ensure safe pick-up locations are maintained.

Garbage Pick-up

- Please continue to put your garbage and recycling out on the usual day.
- To help the contractor return your bins to you when they need to be relocated for pick-up, we ask that you write your house number on your garbage cans, recycling bins, and green carts.

Canada Post

- Due to carrier access concerns regarding mail delivery, single-point mail pick-up locations may be arranged by Canada Post.

Irrigation

- Please flag your irrigation system heads and pipes prior to construction to limit damage.
- Some irrigation damage is expected. If your system is damaged, please contact the City.
- Repairs to your irrigation system from construction damage will typically be completed by the property owner's irrigation contractor. Reasonable, documented costs will be covered by the City.

What's Next

We anticipate construction will begin in May. A project update will be mailed out once we have hired a contractor and the schedule is confirmed.

Questions/Comments
