THE STUDY:

Phase 1 of the Planning and Environmental Assessment (EA) Study for the NGTA Corridor, initiated by the Ontario Ministry of Transportation (MTO), supports the transportation objectives of the provincial *Growth Plan for the Greater Golden Horseshoe* by providing for the efficient movement of people and goods within the corridor.

Phase 1 of this study has included the following key steps:

- develop a Study Plan (PIC #1);
- identify transportation problems and opportunities (PIC #2);
- identify and assess transportation alternatives that address the identified problems and opportunities (PIC #3); and
- select preferred transportation alternative(s) and recommend a multi-modal Transportation Development Strategy (PIC# 4).

THE PROCESS:

The Niagara to GTA Corridor Planning and EA study is being undertaken in accordance with the *Ontario Environmental Assessment Act* (EA Act) and the EA Terms of Reference, which was approved by the Minister of the Environment in June 2006.

COMMENTS:

Comments and information regarding this study will be collected to assist the MTO. This material will be maintained on file for use during the project and may be included in project documentation to meet the requirements of the EA Act. Information collected will be used in accordance with the *Freedom of Information and Protection of Privacy Act* and the *Access to Information Act*. With the exception of personal information (e.g., name and address), all comments will become part of the public record.
