A Walking Tour of Downtown Heritage Burlington

Tweet

The Burlington Historical Society, in partnership with Heritage Burlington, held a walking tour in early May. Participants were guided through 19 heritage properties including a park, church, cemetery, monument and many homes, which provided a substantial taste of Burlington's built history. Host Alan Harrington, accompanied by Councillor Marianne Meed Ward, had many stories to share, providing an opportunity to educate, inform and engage those in attendance on Burlington's heritage.
