# COMPLETE COMMUNITIES

Complete communities meet people's needs for daily living throughout an entire lifetime by providing convenient access to an appropriate mix of jobs, local services, a full range of housing and *public service facilities* including *affordable housing*, schools, *recreation* and open space for their residents. *Culture* and community activities thrive, creating a positive sense of place, inclusivity and community. Convenient access to public transportation and options for active transportation are also provided.

Broadly, the policies of this Plan aim to provide a wide range of opportunities to accommodate jobs and housing. A successful and *complete community* must also provide residents with access to a range of services and facilities that will satisfy health, education, social, religious and recreation needs. Several key elements of a complete community, such as housing, *public service facilities* and *institutional uses*, parks, *cultural resources* and *cultural heritage resources*, are addressed by the policies of this chapter; however the entire Plan is intended to work together to deliver the elements of a *complete community*.
